SKILLS

- Solid foundation in HTML, CSS, and JavaScript.
- Knowledge of accessibility-related practices.
- Basic understanding of React and TypeScript.
- Proficient in navigating Tailwind and Sass.
- Familiarity with the basics of Progressive Web Apps (PWA).
- Commitment to writing clear and understandable code.
- Strong organizational skills for effective work management.

I am an ambitious and dedicated programming enthusiast who aims to develop my skills as a Frontend Developer. I possess a strong foundation in HTML, CSS, and JavaScript. Currently, I am working on expanding my projects using frameworks like React. I am seeking an opportunity to gain my first professional experience in the industry, aiming to channel my passion for creating websites and applications. I am prepared to engage in new projects and invest effort into advancing my skills.

EDUCATION

Bachelor of Pedagogy: Socio-Cultural Animation

Jagiellonian University | 2012 - 2016
